BLACK HEAVY DUTY PLASTIC MFPP HINGED CONTAINERS

6" X 6" MFPP
SURE EARTH 1/300 CT
ORDER ITEM 900066

Mineral Filled Polypropylene (MFPP)
Contains an average of 50% less plastic than standard takeout containers. Making this a sustainable and Eco-Friendly takeout option. BPA Free.

Versatile/ Moisture Resistant
These containers can withstand temperatures between 0°F and 250°F, making them both microwavable and freezable. Soak-through-resistant to grease and moisture. Perfect for takeout or delivery while also allowing customers to reheat food right in the same container.

Hinged Lid/ Stackable
The hinged lid provides security for food items, so you don't need to worry about food falling out in transit. Stackable for easy transport and storage.

- MFPP Contains 50% less plastic than traditional containers
- Microwavable and heat-lamp safe
- Freezer Safe
- BPA Free
- Hinged Lid

WIN SONE

FIBER HINGED CONTAINERS

6" X 6"
WIN SONE 2/200 CT
ORDER ITEM 800766

These unbleached, sturdy fiber hinged containers can hold an array of foods and hold up to even heavy, greasy meals. Sturdy and versatile, these fiber containers are ideal for both hot and cold food applications. Stackable and ready to use, they have a perforated lid, which are easy to remove, making for a less cluttered dining experience.

Compostable, fiber containers are made from natural and renewable materials which help to pull carbon from the air and are regrown every year. These containers are compostable, so they can break down into the soil and help the crops to regrow. They complete a zero-waste circle, reducing the amount of trash sent to landfills.

PLASTIC HINGED CONTAINERS

These containers will withstand temperatures up to 210°F when used under heat lamps, in warming units and in microwaves. The clear, anti-fog lid is vented allowing steam to dissipate keeping fried foods crisp and your product visible to assure order accuracy. Stacking will not block the vents and the secure snap closure eliminates spills while ensuring freshness. The tear-away convertible lid provides a table-ready presentation that allows your customers to eat right out of the crack- and cut-resistant polypropylene base.

- Microwaveable, warming unit and heat-lamp safe
- Reusable
- Recyclable
- Anti-fog hinged Lid
- Stackable

ClearSeal® hinged lid containers have crystal clarity for superior product visibility as well as being flexible, yet durable, to maximize strength and reliability. These ClearSeal containers perform exceptionally in the cold temperatures and can accommodate freezing down to -22°F. Lock in freshness with the exclusive perimeter seal designed to maximize product freshness and reduce leaks. The bar-locks provide a snap-tight secure closure while easily accessible gripper tabs to simplify opening. ClearSeal is the clear choice for accentuating the full appeal of your food with confidence.

- Clear polystyrene plastic hinged lid containers
- Leak-resistant perimeter seal ensure product freshness
- Dual bar-locks provide secure closure every time
- Minimal sidewall ribbing provide strength while increasing product visibility

A 1 piece container that eliminates lid confusion, reduces costs and increases operational efficiency. Dart's high insulation foam makes these containers ideal for transporting and storing both hot and cold foods. They also have a superior locking mechanism with dual locks to prevent the lid from opening unintentionally. The perimeter seal, keeps food in the container while reducing leaks. They are non-absorbent, preventing liquid from soaking through the container. Carryout service would not be complete without them as convenience is key with these Dart foam hinged lid containers.

- Designed for convenience and versatility
- Superior locking mechanism
- Dual locks; embossed design available
- Perimeter seal
- Insulated; non-absorbent
